

Mr. Paul Volk came to Gooding High School on May 10th. He presented his program "NEW START" to several classes. As a health educator I was really impressed with his knowledge, communication, and interaction with the students. I felt he had a huge impact on the students and he clearly influenced their attitudes and behaviors. I feel fortunate to have <sup>had</sup> him present his ideas and material to us. I look forward to working with him again! He is an outstanding educator, speaker, and influence ~~for~~ <sup>for</sup> our youth.

Thanks,

  
(Gooding Health Teacher)
