**TO WHOM IT MAY CONCERN**

Warm Greetings!

Paul Volk is a certified health educator and I was fortunate to have the opportunity to be part of his audience in one of his lectures presentation held at the Davuilevu Methodist Theological College.

His teachings are very practical in healthy living, based from the Christians principles in the Bible. As principal of the College, the students who were at Mr. Volk's presentation greatly appreciated the invaluable lessons that they have learned.

Mr. Volk, who comes from a Methodist background, is a very staunch Christian, who wishes to share his gifts of healthy living to all people.

I hope that you will receive him, and assist in whatever way you can that he may extend to our community this important message of God.

Thank you.
